Incident Type: Attempted Child Abduction

Location: Deer Run Subdivision, Lake Delton

Date of Incident: May 11, 2019

Details:

Shortly after 3AM on Saturday, May 11, Officers from the Lake Delton Police Department were dispatched to a possible prowler outside of a home in the Deer Run subdivision in Lake Delton. Upon Officers arrival, they learned that the occupants of the home had been awakened by a noise disturbance in a two-year old child's bedroom. The parents discovered the child alone, outside the home at the base of the window, and called for police.

Evidence located at the scene suggested that a person had entered the home through the child's bedroom window and likely brought the child outside the window and then fled the area. The child was unharmed and reunited with the parents prior to Officers arrival. Interviews with the victim's family suggested a possible suspect, known to the family, and there were concerns that the suspect would flee the state if he knew of the police investigation.

After an extensive investigation of the information provided by the family, the subject in question has been eliminated as a possible suspect and we do not have any additional suspect information. The Lake Delton Police Department is being assisted by the Wisconsin Department of Justice Crime Lab with physical evidence recovered from the scene.

This incident remains under investigation by the Lake Delton Police Department. If you have any information about this event or any other event, you can contact the department at 608-254-7571, our 24/7 dispatch center at 608-254-8331 or Sauk County Crimestoppers at 888-TIP-SAUK (888-847-7285).

There is no further information at this time.
