### **Chapter 10 MUNICIPAL PROPERTY**

#### 10.01 Using village equipment

##### **10.01 Using village equipment**

A. Village truck. Said vehicle is not to be used except on official village business or duties. It is not to be used for rental purposes or for any individual's private use. Truck is to be kept within the village limits at all times, day or night, except on business authorized by the public works director.

B. Snowplow. The snowplow is to be used only for village purposes, and not by any private individual, nor is any snowplowing permitted for private driveways or parking lots, and no plowing is permitted on private roads.

C. Sander. The sander is to be used only for village purposes, and not by any private individual, nor is any sanding permitted for private driveways or parking lots, and no sanding is permitted on private roads.

D. Police car. The police car is not to be used by any private individual, and is to be operated only by an officer while on duty. Furthermore, said car is to be used only for police duties within the village limits except in cases of extreme emergency; viz., transporting prisoners; transporting sick, injured or fatalities; or other duties the chief of police assigns a police officer. In cases of requests by outside departments for aid, sound judgment should be used as to the length of time the village is without police protection. Car is to be housed at all times within the village limits when officer is off duty.
